SARCOXIE NURSERIES

PEONY FIELDS

WILD BROS. NURSERY CO.

Sarcoxie, Missouri

Price—And Value

Competition is met in two ways. One is, give value—quality and service at a fair price. The other, try to sell cheaper than anyone else. It's so easy to look only at the tag, forgetting that price is not value. Price is what you pay. Value consists in what you receive for what you pay.

Occasionally you get good stock at a low price. That's a bargain. More often you pay a fair price for quality. That's business. Don't expect too many bargains. Any firm can sell cheaply if it wants to send out cheap stock. No firm can be low man on everything and always supply quality. To know you will get quality, look for value rather than price. It's still true that good value builds business.

If not familiar with nursery grading and you do not know what you should expect, we assure you your money's worth in well grown stock, liberally graded and properly packed, with good service. If you know what you should receive, we feel sure we can please you. Since 1875 we have built for the future with quality stock at fair prices. We consider these prices exceptional value. They will have to advance with improved conditions. Now is the time to plant.

Hardy Flowering Shrubs

Mail sizes, postpaid. Mail sizes, while not as large as the other grades, are sturdy, well rooted young plants and, given time and reasonable care, give good results. If larger sizes are wanted by mail, postage is additional. Shrubs larger than 3 to 4 ft. can seldom be sent by mail.

Trailing Junipers at Sarcoxie Nurseries

Hardy Evergreens

Our evergreens are grown with plenty of room and are compact, well filled trees of their size and variety. They have been transplanted and root pruned and are well rooted. They are not grown rapidly and soft but are firm and easily transplanted. They are liberally graded. With the exception of the "mail size" they will be dug with a ball of earth wrapped in burlap, termed "balled and burlapped" or B. & B.

MAIL SIZES, POSTPAID

Our mail size are transplanted, sturdy little trees, not balled and burlapped as these sizes do not require it. The value of trees cannot be shown in a catalog. A mail size evergreen may be worth a dime or a dollar. It may be a spindly little tree that requires petting, or a well grown tree that with reasonable care gives good results. We intend to give you your money's worth. Plant these mail sizes firmly, water them as the season requires and they should give you good results. They are not yet old enough and large enough to give the immediate effect of balled and burlapped sizes. Give them time to grow into larger sizes and we think they will please you. B. & B. trees cannot be sent by mail.

Plant in full sun in any good mellow loam that does not become excessively dry; very effective along a stream or pool. Water must not stand on the roots. Six-petaled are termed double, three-petaled, single.

White. Early, double, 20c each, \$2.00 per doz.

Showy Japanese Irises for tall borders or at the water's edge

Peonies are Easily Grown

Hardy as the oak, Peonies are so easily grown that little need be said. Often, in neglected gardens, one sees large clumps that have flourished and bloomed for years. Yet they amply repay all attention given them. They thrive in almost any good, well drained soil, are best in full sun but succeed with shade part of the day. Plant 3 feet apart. The early varieties usually begin blooming here about May 5 to 8.

The name and date in parenthesis is the originator or introducer and date of introduction. The guards are the wide outer petals. The type of flower is designated as follows:

Crown. Wide center or crown petals with narrower, shorter petals forming a collar or ring between them and the guards.

Bomb. Center petals of uniform width but narrower than the guards and forming a globe within the guards.

Semi-rose. Flowers that would be classed as rose but for an occasional pollen bearing stamen.

Rose. Perfectly full, all petals wide, no stamens. The center petals may not be as wide as the guards but if quite distinct it would be a bomb.

PEONY SIZES AND PRICES

Prices quoted are for good strong divisions of 3 to 5 eyes from blooming plants. We consider them fully equal to one-year plants usually sent out. If you want something larger order 5 to 8 eyes at fifty per cent advance or 8 to 10 eyes at double the printed price. 3 of a kind at dozen rates.

PEONIES BY PARCEL POST

If wanted by parcel post allow 8c for the first plant and 2c for each additional plant if within 150 miles of Sarcoxie. For the balance of Missouri and adjoining states 10c for the first plant and 3c for each additional plant. For more distant states 15c for the first plant and 8c for each additional plant. Any balance will be refunded.

PENNANT MIXED PEONIES

If you want something good at a moderate price and are not particular what varieties and colors, just so they are nice, order Pennant Mixed. This is not a cheap lot of undesirable varieties, but a really good mixture of named Peonies, the leading commercial varieties predominating. Do not ask for certain colors of these as they are grown mixed. 25c each, \$2.00 per doz.; 50 or more at 16c each.
